

Responsibly serving our customers beyond their expectations.

Natural gas is

affordable, reliable, safe

Households save **\$1,041** by using natural gas for heating, cooking, and clothes drying each year compared to homes using electricity for those appliances!

Natural gas service disruptions are rare. On average, only **1 in 800** natural gas customers experience an unplanned outage in any given year.

Residential natural gas use is less than **6% of U.S. emissions** and carbon emissions from the average natural gas home decline **1.2% per year**.

Buy Appliances and Get Rewarded

Take full advantage of our **BRAND NEW Appliance Incentives** and save money while upgrading your lifestyle. We have incentives for purchasing and installing new natural gas appliances as well as gas to gas change outs on appliances. **Visit orud.org today** to find out how much money you can save!

CALL BEFORE YOU DIG

Dial 811 or 1-800-351-1111 - Tennessee One Call

Whether you are building an addition, laying a patio, planting a garden, or just digging a post hole for a mailbox, don't dig through the natural gas line! When you plan to do any digging, please CALL TENNESSEE ONE CALL, at least three days in advance so that all ORUD owned pipes may be located and marked for you at no charge. All digging in the vicinity of piping should be carefully done by hand. This will avoid the inconvenience of disrupted service, personal injury and expensive repairs.
